**DETAILED ACTION**

***Continuing Data***

1. Receipt of the claim for benefit of provisional application 60/264,724 is acknowledged.

***Receipt of Amendment***

2. Receipt of the pre-amendment, filed March 3, 2002 has been entered and considered.

***Information Disclosure Statement***

3. The information disclosure statement filed May 3, 2003 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because the non-patent literature listed therein has not been received. It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).

***Allowable Subject Matter***

4. Claims 1-20 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter:
6. The prior art of record discloses optical waveguides operating in a single high order mode, such that the total dispersion, equal to the sum of the material dispersion and the

waveguide dispersion, is greater than zero ps/nm/km at a given wavelength within the operative range. See for example U.S. Patents 5,748,824 to Smith; 6,031,956 to Li et al; 6,212,322 to Ma et al; 6,421,491 to Liu; and 6,424,777 to Ma and 6,442,320 to Danziger et al. However, the prior art of record fails to motivate or disclose the total dispersion being greater than 50 ps/nm/km.

7. Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of reasons for Allowance."
